Long-Term Disability Insurance

Group disability insurance offers income protection

Disability is often called the “forgotten risk,” as few employees think about how they would survive financially with no earned income. The impact of a disabling illness or injury, both financially and emotionally, is devastating.

While health insurance may cover most medical bills, daily living expenses such as rent or mortgage, car payments, and utilities continue. Disability insurance provides partial income replacement if you are unable to work due to a qualifying non-occupational illness or injury. An employee generally begins with what is considered a short-term disability for a period of 13 or 26 weeks. If the illness or injury extends beyond that period it becomes long-term disability.

Eligibility	All active benefit eligible employees working a minimum of 20 regularly scheduled hours per week.	
Waiting Period	You are eligible on your date of hire.	
Benefit	Voluntary LTD is paid for by you. If you purchase this coverage, become disabled (as defined in the plan), and remain disabled through the elimination period, you will receive 60% of your monthly covered earnings, less other deductible sources of income, such as Social Security and workers compensation (see your plan booklet for details). The maximum monthly benefit is \$10,000.	
Elimination Period	Benefits are payable after a period of 90 consecutive days of disability.	
Definition of Disability	You will be considered disabled if, during the elimination period and the next 24 months of disability, you are unable to perform the duties of your “own occupation” and thereafter, you are unable to perform the duties of “any occupation.” Refer to your certificate of coverage for definitions of “own occupation” and “any occupation.”
