

Welcome Email from Emtrain

Hello CAITLIN BLESSING!

Welcome.

You matter! To strengthen AUI and its Research Centers' workplace culture, we have launched our mandated annual anti-harassment training course. The program will provide you with guidance on your role in building a respectful workplace and will help us better understand your perspectives on important issues.

The program contains 13 modules and is expected to take you at least 40 minutes to complete. It is important that you take the time necessary to read and absorb these important lessons. Click the **Get Started** link at the bottom of this email to launch the training.

Throughout the program we'll ask you to share your point of view on common workplace challenges, and on your experience working here. Because we care about your privacy, all of your responses are confidential. We will see summarized results that help us better understand what's working in our culture and where we have room for improvement.

Click the button below to see the items that have been assigned to you as part of the program. To provide you more control over the experience, everything in the program is accessible from your mobile device or computer.

We ask that you complete all of the items in your program by the date listed in your online ToDo list.

Thank you in advance for your participation and for helping us build a better workplace culture for everyone.

Sincerely,

Your Human Resources Team
