

Department of Environmental Safety & Security Ambulance Inventory Checklist

Inspector Name:

Date:

Time:

Location of Inspection:

This is a checklist approved for use in the state of New Mexico Medical Rescue (ambulance) should have these items onboard

* Inspections must be conducted on an annual basis
* Maintain checklist as documentation of this requirement

Item	Yes	No	N/A	Comments
A. FORWARD COMPARTMENT				
Vehicle Registration				
U. S. DOT, Emergency Response Guidebook				
Maps or Navigational equipment				
Service specific protocols and resource guides				
Patient Care Reports or Reporting System				
Hand Sanitizer				
Flashlight				
Fire Extinguisher				
Spotlight or auxiliary lighting system				
Roadway Warning Devices				
Vehicle Jack				
Spare tire				
Tire wrench				
B. COMMUNICATIONS EQUIPMENT				
Radio Communications (Portable or Affixed):				
Equipment sufficient to <u>Establish</u> and <u>Maintain</u> direct or repeated communications with:				
Area Dispatch				
Secondary Providers				
N.M. EMSCOM Radio System				
Capable of Cellular and/or Text/Data Transmissions (optional)				
Spare batteries / charger system				
C. PERSONAL PROTECTIVE EQUIPMENT (PPE)				
EMS turnout gear				
Helmets with Face Shield				
Gloves				
Eye Protection				

Hearing Protection				
Safety Vest / Jacket (ANSI 2008 Compliant)				
Exam Gloves				
Disposable Splash Protection				
Tyvek coveralls (optional)				
N-95 mask (or > particulate mask)				
D. DIAGNOSTIC EQUIPMENT				
Aneroid Sphygmomanometer, BP Cuffs				
Stethoscope				
Glucose Monitoring Instrument				
Pulse Oximeter				
End-tidal CO2 monitoring device				
Penlights				
Shears				
E. PATIENT COMPARTMENT				
Shoulder / Chest and Lower Extremity straps				
Pillow				
Blankets				
Stretcher Pad (Bed) Covers				
Pt. Restraints				
Sharps Container				
Emesis Basins				
Body Bags				
F. CARDIAC EQUIPMENT				
Semi-Auto External Defibrillator				
Defibrillator pads (extra)				
Defibrillator batteries (extra)				
G. PHARMACOLOGICAL EQUIPMENT For First Response through ALS				
1.				
2.				
3.				
4.				
5.				
H. PEDIATRICS				
Pediatric Restraint System or Car Seat				
Obstetrical Kit: (Sterile Package)				
Foil Blanket				
Pediatric drug dosage tape or chart				
I. BANDAGES/DRESSINGS				
Triangular Bandages				
Universal Dressings				
Gauze Pads				

Bandages - soft roller				
Bandages - elastic (bandaids)				
Occlusive dressings				
Adhesive tape				
Cold Packs				
Heat Packs				
Burn Sheets				
J. RESPIRATORY EQUIPMENT				
Mounted electric or manifold operation suction aspirator (meets GSA std.)				
Portable suction aspirator				
Sterile Suction Catheters and tubing (rigid and soft, if applicable)				
Bag-Valve-Mask Resuscitator				
Pediatric Bag-Valve-Mask Resuscitator				
Adult Oxygen Masks with Reservoir (non-rebreather or partial non-rebreather)				
Adult Oxygen Masks (Simple)				
Pediatric Oxygen Masks with Reservoir (non-rebreather or partial non-rebreather)				
Pediatric Oxygen Masks (Simple)				
Nasal Cannulas				
Oxygen Supply Tubing				
Oropharyngeal Airways				
Pediatric Oxygen Masks with Reservoir (non-rebreather or partial non-rebreather)				
Pediatric Oxygen Masks (Simple)				
Nasal Cannulas				
Oxygen Supply Tubing				
Oropharyngeal Airways				
Oxygen: portable (2) cylinders				
L. IMMOBILIZATION DEVICES				
Extremity Immobilization Devices				
Short Spinal Extrication Device**				
Pediatric Immobilization Device**				
Spine Boards				
Lateral Cervical Immobilization Devices				
Cervical Immobilization Collars				
Traction Splint
